Jarno Mindner

Ever since my school days I've been passionate about being on stage — whether in the youth theatre club, in drama, or as a presenter. The step into film followed: after a few early projects, I took on a leading role in the ZDF series "Pumpen" — a formative experience.

Energised by that, I'm excited about whatever comes next, whether it's a historical costume drama or playing a deranged psychopath. With my training in audiobook and voice acting (SprecherAkademie, Vienna), I'm looking forward to new challenges — happily including ones that need dialects.

Away from acting, I love cooking, travelling and sport — from basketball to mountain hiking. I'm ready for exciting projects and bringing real enthusiasm to set.
