

Maisie won us over with her presence. She comes across as strong and grounded, while also being sensitive and delicate. She lives out her creativity in many directions: she dances hip-hop, skates, takes photographs, sits at the piano or picks up the guitar to sing along. Sometimes the fashion-loving young woman simply grabs her sewing machine and tries out an idea. To now also be able to express herself through acting is, for Maisie, the fulfilment of a long-held wish.
